Clinic compliance calendar 2027 / *Texas*

What med spas, IV clinics and CLIA-waived labs in Texas commonly renew or keep current, roughly when, and the official source for each.

Med spas | IV & hydration clinics | CLIA-waived labs

TEXAS LAYER

Texas items *to track.*

Texas has no single statewide due date for these items: most renew on the dates printed on your own certificates.

WHAT RENEWS OR IS DUE	WHEN / HOW OFTEN	OFFICIAL SOURCE	YOUR DATE
Laser hair removal facility certificate Facilities offering laser hair removal (some settings are exempt)	Every 2 years, by the certificate expiry date	TDLR	
Laser device registration (Class 3B / 4) Facilities with Class 3B or 4 lasers	Every 2 years, by the registration expiry date	DSHS Radiation Control	
Delegation paperwork (protocols or standing orders, postings, name tags, BLS on site) Med spas where a physician delegates procedures	Ongoing; on the review and signature dates your medical director sets	Texas Medical Board	
Elective IV therapy rules (Jenifer's Law) Clinics offering elective IV therapy	Ongoing; in effect since Sep 1, 2025	Tex. Occ. Code ch. 172	
Privacy training (Texas HB 300) Covered entities under Texas law (broader than HIPAA)	Within 90 days of hire, and within 1 year of a material change in the law	Tex. Health & Safety Code ch. 181	
Consumer privacy notice posting Covered entities under Texas law	Ongoing; on your website and at your facility	Tex. Health & Safety Code ch. 181	
Medical waste records Small-quantity generators (50 lb or less a month)	Ongoing	TCEQ	

FEDERAL LAYER

Federal items *every clinic shares.*

These apply in Texas and every other state, depending on what your clinic does: waived testing, staff exposure to blood, controlled substances, electronic billing.

WHAT RENEWS OR IS DUE	WHEN / HOW OFTEN	OFFICIAL SOURCE	YOUR DATE
CLIA Certificate of Waiver Sites that run waived tests	Every 2 years, by the expiry date on your certificate	CMS CLIA fee schedule	
CLIA PPM certificate Sites doing provider-performed microscopy	Every 2 years, by the expiry date on your certificate	CMS CLIA fee schedule	
CLIA change notice CLIA certificate holders	When your lab director, address, ownership or test menu changes	CMS QSO-24-03	
OSHA bloodborne pathogens exposure control plan Employers whose staff have occupational exposure	Reviewed at least once a year	29 CFR 1910.1030 (eCFR)	
OSHA bloodborne pathogens training Staff with occupational exposure	At assignment, then every year	29 CFR 1910.1030 (eCFR)	
Hepatitis B vaccine offer Staff with occupational exposure	Within 10 working days of assignment	29 CFR 1910.1030 (eCFR)	
DEA registration renewal Each registrant or location handling controlled substances	Every 3 years; DEA advises renewing at least 45 days before expiry	DEA Diversion Control	
HIPAA policies and risk analysis Covered entities only (your attorney confirms coverage)	Periodically; many clinics review yearly	45 CFR 160.103 (eCFR)	

ALSO ASK ABOUT: NO RELIABLE OFFICIAL SOURCE YET, SO CONFIRM WITH THE AGENCY

State lab requirements for waived-test sites, beyond CLIA · **confirm with Texas DSHS**

Local permits, certificate of occupancy and sales-tax permit · **confirm with your city or county and the Texas Comptroller**

OSHA Hazard Communication (chemical safety data sheets, staff training) · **confirm with OSHA**

DEA controlled-substance inventory · **confirm with DEA**

Drug supply-chain (DSCSA) purchase records, if you buy prescription drugs · **confirm with FDA**

YOUR 2027

2027 *at a glance.*

Write each of your own expiry dates into its month, and set a reminder 90 days ahead.

January	February	March	April
May	June	July	August
September	October	November	December

RHYTHM OF THE YEAR

How the cycles *stack up.*

Every new hire
Bloodborne pathogens training at assignment; hepatitis B offer within 10 working days; Texas privacy training within 90 days.

Every year
Exposure control plan review and staff retraining.

Every 2 years
CLIA; TDLR facility certificate; DSHS laser registration.

Every 3 years
DEA registration. Plus anything triggered by a change: new owner, address, director or device.

Want your real dates, *found for you?*

Get a free Clinic Check: a one-page list of what your clinic has coming due and what looks missing, each with its source, reviewed by a person and sent within 3 business days. Mention this calendar when you send it.

clinicfilinghq.com/clinic-check

Free · about 2 minutes · no patient information

Winter enrollment: the $1,500 setup fee is waived for clinics that start a plan by January 31, 2027. We do the "how": each renewal prepared for your signature, reminders at 90, 60, 30 and 7 days, and your inspection binder kept current.

Not legal or medical advice. This calendar is general information for planning. Clinic Filing HQ is an independent service of Voraus LLC; we are not a law firm or medical practice and are not affiliated with CMS, DEA, OSHA, FDA or any state agency. Which items apply depends on your services, devices, staff and ownership; your medical director, your attorney and the agency decide. Rules, dates and cycles change: always check the official source linked for each item. Checked against those sources on November 2, 2026. Questions: hello@clinicfilinghq.com.
